

High Performance Foams Division

171 West St. Charles Road / Carol Stream, IL 60188-2081 / 630.784.6200 / Fax: 630.784.6201

January 2, 2014

To Whom It May Concern:

Thank you for your recent inquiry with respect to whether BISCO® Silicones meet the requirements of ROHS 2011/65/EU (Restriction of the use of Certain Hazardous Substances in Electrical and Electronic Equipment). We do not intentionally add lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls (PBB), Decabromodiphenyl ether (decaBDE) or PBDE (polybrominated diphenyl ether) to any BISCO® Silicone product. Further, to the best of our knowledge, the foams do not contain any of the compounds listed above the indicated thresholds.

The response provided by Rogers is based upon our knowledge of the raw materials used in its manufacture in conjunction with chemical analysis performed on similar materials. The information is accurate to the best of our knowledge.

The information is accurate to the best of our knowledge.

If I may be of any further assistance, please do not hesitate to contact me via e-mail at Daniel.kubick@rogerscorporation.com or by calling 630-784-6218.

A handwritten signature in black ink that reads 'Daniel J. Kubick'.
